RE: Awards Selections
Date: 5/22/07

1st Vice President WEF Awards

George J. Schroepfer Medal:

One nomination: T. Sigmund, S. Christopher and J. Reece, for the planning, design and engineering services for a \$72 million project in Jackson County Missouri. The project was to cost effectively increase the wet and dry weather capacity and treatment efficiency of the Little Blue Valley Sewer District's Atherton WWTP.

Public Education Award:

One nomination: Marnie Lonsdale, with the City of Duluth for public education efforts in storm water pollution protection for north shore streams.

Honorary Membership:

One nomination: Dr. Bill Boyle. The submittal package was prepared by Bill Marten, with help from many others.

Selections for these awards will be announced by WEF in late June.

2nd Vice President CSWEA Awards

Arthur Sidney Bedell:

To be announced at Annual Meeting. Winner will be attending the awards banquet.

William D. Hatfield:

Al Parrella with Western Lake Superior Sanitary District was selected and he will be attending the awards banquet.

Operations Award:

Illinois: Jim Daughtery with Thorn Creek Sanitary District and he will be attending the awards banquet.

Wisconsin: Dennis Egge with Janesville WWTP and he will be attending the awards banquet.

Minnesota: Les Lange with the City of Willmar and he will not be attending the awards banquet.

Radebaugh:

There were five papers submitted. Thomas Vik with McMahon Engineering and Mark Surwillo with Heart of the Valley Metropolitan Sewerage District won the award with their paper titled "Site Constraints + Ammonia Limits + Peak Wet Weather Flows = High Rate Treatment & Biosolids Technology for Heart of the Valley Metropolitan Sewerage District". Mark Surwillo will be attending the awards banquet.

Academic Excellence:

Mrs. Stacy Metz is a Masters Student from the University of Wisconsin-Madison and she will be attending the awards banquet.

Ms. Yang Liu is a Ph.D. student from the University of Wisconsin-Milwaukee and she will not be attending the awards banquet.

Mr. Mark Hope is a soon to be graduate student from Marquette University and he will be attending the awards banquet.

Mr. Ryan Holzem is a student from the University of Wisconsin-Platteville and he will be attending the awards banquet.

Collection System:

Illinois: Tony Conn from the City of Naperville and he will be attending the awards banquet.

Wisconsin: Steve Woodman, P.E. from the City of Beloit and he will be attending the awards banquet.

Minnesota: Howard Jacobson from the City of Duluth and he will be attending the awards banquet.

George W. Burke Facility (Safety) Award:

For this award, we only received nominations from Illinois, but we received three nominations; Glenbard Wastewater Authority, Naperville-Springbrook Facility, and North Shore Sanitary District. Normally the State Section Committee selects the winner from their respective State, but a person from one of the facility serves on the Illinois Safety Committee. Thus we had the general awards committee choose the facility that best meets the qualifications of the award and they chose the North Shore Sanitary District. They will be attending the awards banquet.

Industrial Achievement:

The Schwan Food Company from Minnesota was the only submission and the General Awards committee determined their submission meet the requirements for the award. They will not be attending the awards banquet.

Lab Analyst:

Illinois: Danette Stout from the Wheaton Sanitary District and she will be attending the awards banquet.

Wisconsin: John Kennedy from Green Bay Metropolitan Sewerage District and he will not be attending the awards banquet.

Minnesota: Patti Mettler from the City of Mankato and she will be attending the awards banquet.
