To: CSWEA Executive Committee  
From: Eric R. Lecuyer, Executive Director  
RE: WEF/CSWEA NPDES Workshop  
Date: December 1, 2007

We have been approached by WEF to cooperate with them on the NPDES Workshop, which is tentatively scheduled for June 10, & 11, 2008 and will be run in the Milwaukee area. After double checking with the WI Section, it was determined that there are no scheduled conflicts. Based on our past positive experience in participating in these workshops, our role is to assist in promoting the event. We have no responsibilities for putting the workshop on as this is entirely set up by WEF Staff.

There is really nothing new to report since our last meeting. I will pass along details as they become available.
