

# Metro Stormwater Geodata Project Overview

Tuesday, June 12, 2018, 1:00 PM

HR Green, Inc.

Whitewater Conference Room

2550 University Avenue West, Suite 400N

Saint Paul, Minnesota 55114

Sponsored by:

**CENTRAL STATES WATER ENVIRONMENT ASSOCIATION**

## What is this event?

■ MetroGIS Coordinator Geoffrey Maas will be presenting an overview of the forthcoming **Metro Stormwater Geodata Project** and conducting an informal input session on the general and specific business needs for standardized stormwater system data across jurisdictions in the Minneapolis-St. Paul metropolitan region.

*MetroGIS is a voluntary collaborative of interests of public sector, private sector, non-profit and academic interests in the Twin Cities Metropolitan Region who seek ways to maximize their investment in geospatial technology through developing data standards, best practices and defining shared projects.*

## What topics will be covered?

- A brief re-cap of **work completed to date** on the topic of federating geodata together;
- A summary of **government's role** in working with stormwater in the metro;
- An overview of the known **emerging business needs** for integrated stormwater GIS data;
- Facilitated **interactive sessions** to document the following:
  - Current **business needs** of the participants for inter-jurisdictional GIS data;
  - Challenges, questions and concerns about **data quality, completeness & availability**

## How can I register to participate?

Please visit: <http://cswea.org/minnesota/events/upcoming-events/>

## Who do I contact if I have questions?
