Due to the ongoing public health crisis, we are changing the CSWEA 25th Annual Education Seminar to be held on April 7, 2020, to an online event. In order to streamline this process we will refund all paid attendees and request everyone to register for the online webinar on the link below. Thank you for your understanding and patience and we wish you and your families the best during this challenging time.

This will be an engaging on-demand program focused on what we can learn from key leaders in the industry.

Learning from Leaders — Education Seminar 25th Anniversary

Mark your calendars and budget for the CSWEA 25th Annual Education Seminar to be held on April 7, 2020. We have an exciting program focused on what we can learn from key leaders in the industry.

This is an excellent, affordable event to learn about issues and technical advances from national and local experts. In addition, attendees will earn approximately seven (7) professional development hours (PDHs) for professional engineers and operators’ license renewals.

Register online at https://register.gotowebinar.com/register/27795906469431053

See the CSWEA website for additional information www.cswea.org

Who should attend?

Water/wastewater plant managers and operators, process control specialists, designers, regulators, equipment manufacturers, and students involved in wastewater treatment and/or nutrient management.

Regulatory agency continuing education contact hours will be awarded.
