

This is a physical distancing, outdoor event. The tour and brewery stop are subject to current health restrictions. Face masks are required at all tour stops.

## Cycling, Stormwater, and Suds

Thursday, September 17, 2020, 3–5:30 p.m.

Meet at Broken Clock Brewing Cooperative  
3134 California Street NE, Minneapolis

Join the Minnesota Stormwater Committee as we tour stormwater and watershed improvements in North and Northeast Minneapolis. You'll participate in a guided 8-mile bike tour on the streets and parkways of Minneapolis along the Mississippi River and Shingle Creek and learn about:

- North America's first natural filtration swimming pool.
- Integration of flood mitigation and green infrastructure in two very different situations (urban residential and golf course).
- The confluence of stormwater planning and community engagement.

The tour will start at Broken Clock Brewing, followed by a slow bike tour using on-street bike infrastructure and bike trails. Please bring your own bike and helmet. If you don't have a bike, you can rent one at a Nice Ride station and meet us at the brewery (the nearest station is a couple miles away at North Mississippi Regional Park). If you have any questions about the tour, please contact Nathan Campeau at [ncampeau@barr.com](mailto:ncampeau@barr.com).

Following the tour, at 5:30 p.m., we will enjoy a happy hour at Broken Clock Brewing (outdoors). This event and tour will happen rain or shine, so please dress for the weather. Please bring a mask and practice physical distancing. Note: The tour and brewery stops are subject to current health restrictions.

This event is sponsored by the Minnesota Stormwater Committee of the Central States Water Environment Association

How can I register?

**REGISTRATION IS FREE,**  
but you must sign up here:
