SPILL PLAN FOR KONS SEPTIC, LLC

1. If possible stop spill from getting any bigger before you do anything.

2. If spill is less than fifty gallons immediately clean up spill and disinfect with bleach.

3. If spill is greater than fifty gallons immediately radio back to dispatcher your location and all circumstances around spill. (Such as stream, ditch, and highway.)

4. If spill is greater than fifty gallons radio for back-up trucks to help clean up spill, vacuuming all liquid and debris from area.

5. If trucks from our company are not available call Quality Removal at 677-4817.

6. Do not leave spill site until more help arrives or site is restored and rendered harmless to any humans and animals. (Keep bystanders away.)

7. Contact County Health Department and Department of Natural Resources as soon as possible no later than twenty-four hours.
