

## The Water SourceBook

The Water Sourcebooks provides over 65 hands-on activities for teachers and students. The book is available in versions for grades K-2, 3-5 and 9-12. A variety of topics are covered in each book, including drinking water, wastewater treatment, groundwater, surface water, and wetlands -- topics which students should consider as they make critical decisions affecting the future of our water resources.

Each activity includes all the ingredients, supplies and materials required. Follow-up discussion points and study references for further research are included.

The books were co-designed and written by teachers and water quality professionals, and is compatible with existing curriculum standards across the U.S. Available in an easy-to-use 8 " x 11 " 3-ring binder format.  
(binder not included)

Also now available: Libro de Consulta Del Agua (The Water Sourcebook) - Spanish, a collection of 13 Sourcebook activities in Spanish for elementary grades!

Complete order information is available through the Water Environment Federation web site, (<http://206.65.85.137/abstracts/ZB1403.html>) or books can be ordered through CSWEA Public Education Committee Members. The bulk rate is honored if ordered through the committee.

Version	Cost	Reduced Rate if Ordered Through a CSWEA Member
K-2	\$21.95 each	(\$12)
3-5	\$19.95 each	(\$12)
9-12	\$29.95 each	(\$20)
