10:00 AM to 11:30 AM

CSWEA Operator Training Course: Fundamentals of Solids Handling

OVERVIEW

All plants are required to remove solids from their influent. There is a broad spectrum of approaches and methods for handling solids.

There is a difficult issue related to solids handling for individuals taking Wastewater Operator Certification exams. Questions related to this topic are included on the exams. No treatment facility is going to use all the various methods; therefore, individuals can find it difficult to answer questions about solids handling methods not used at their place of work.

Because of the dynamic of this topic, this course will serve as an invaluable part of review and preparation for all levels of Wastewater Operator Certification exams.

AGENDA
