# 2024

## APRIL 8, 2024 IN-PERSON EVENT

MEET  
FUTURE  
WASTEWATER  
PROFESSIONALS

The Midwest Student Design Competition is intended to promote 'real world and hands on' design experience for students interested in pursuing an education and/or career in water/wastewater engineering and sciences field. This is a unique opportunity for students at the college level to demonstrate their design for a water quality-based project and present their project to water industry professionals.

**It is estimated that over 70 students from across the U.S., Mexico, and Costa Rica will attend the 5th Annual MSDC!**

Schools that have previously competed at the MSDC include:
