

CSWEA Centrisys Facility & Kenosha WWTF Tour

Centrisys/CNP: 9586 58th Pl, Kenosha, WI 53144

WWTF: 7834 3rd Ave Kenosha, WI 53143

Thursday, August 1, 2024

Centrisys/CNP, a leading manufacturer specializing in dewatering centrifuges, sludge thickeners, dryers, nutrient recovery, and advanced biosolids processes, invites you to their facility where you'll learn how Centrisys/CNP designs and manufacturer's their equipment! Then at the Kenosha WWTP, you'll learn how the City has upgraded and optimized their plant over the years and see the incredible equipment and processes they have including centrifuges, thermo-chemical hydrolysis, anaerobic digestion, sludge dryer, and more! PDHs and CEUs available, lunch will be provided.
