SEMINAR INFO

The 2025 Wisconsin Section Operations Committee Conference will be held on February 27th in Stevens Point, Wisconsin. Every year we bring together operations professionals, facility managers, engineers and education leaders to share ideas and find solutions to our industry's leading challenges. This year's seminar will focus on troubleshooting biosolids processing related to PFAS as well as discussing PLC/SCADA security. This will be an in person conference and will include a variety of presentations, panels and roundtables. As always, a representative from the Wisconsin DNR will be present to provide updates in our field. Don't miss this opportunity to connect and learn with industry professionals!

DATE: Thursday, February 27, 2025

WHERE: University of Wisconsin Stevens Point, Dreyfus University Center, 1015 Reserve St, Stevens Point, WI 54481
