

2025 CSWEA MN SECTION

INDUSTRIAL PRETREATMENT SEMINAR

SEPTEMBER 25, 2025

Industrial pretreatment facility requirements, relationships and program responsibilities | Tour and first-hand perspectives

OVERVIEW

The Minnesota Section of the Central States Water Environment Association (CSWEA) Industrial Wastes Committee is excited to invite municipal and industrial water professionals to Cold Spring, Minnesota for a small group facility tour and first hand conversation with industry, municipal, and engineering representatives. We will discuss roles, responsibilities, challenges and examples of a successful pretreatment program.

Presentations and discussions on nutrient reduction programs and strategies, looking particularly at nitrogen. Permittee and State Regulator perspectives will be shared.

CSWEA leaders and representatives will also be present and will provide an overview of the Industrial Waste Committee, CSWEA resources and the Water Environment Federation (WEF) Industrial Water Quality Achievement Award opportunities.

Continuing Education Units (CEUs) will be provided.

WHO SHOULD ATTEND

- Significant Industrial Users (SIU)
- Pretreatment Coordinators
- Wastewater Treatment Facility Supervisors/Operators
- Engineers & Consultants

\$15 MEMBERS

\$20 NON-MEMBERS
